GREETINGS FROM THE VICE CHANCELLOR'S DESK

The last quarter of academic session 2023-24 has seen plethora of student related activities at Dhanalakshmi Srinivasan University (DSU). One of the most important activities has been the industry connect by the students.

The University believes in holistic development of students. It is virtually impossible to learn to swim without getting into water. Experiential learning forms an important aspect of the teaching/ learning process at the university. One of the main aims of the university is to make the students employable and industry ready, by the end of the program they pursue. To this end, the university has formulated the curriculum with support from the industry, such that it is aligned with the National Education Policy and also the needs of the industry.

Exposures to the industry gives the real life experience and understanding of the future challenges in the work sphere, much beyond the text book knowledge they gain in the classroom. Industrial visits, workshops and internships have been carried out by the students across various disciplines. This helps them to understand the industry and corporate world, which in turn will ensure success in future. Certain initiatives by various schools like employing professor of practice have further helped in ensuring better industry connect for the students.

I am sure that the industry connects will immensely benefit the students in their future endeavors.

THEME: INDUSTRY CONNECT

Industry Connect aids students in promoting their careers to the next level. In that process, industrial visits and internships are the facets that connect campus with the industries. By acquiring strategies to handle the situation practically, students gain a wide range of exposure. The combination of skill sets, industrial visits, and internships provide the right platform to accomplish the goals. Industrial visits allow students to experience real-world working environments in the firsthand. DSU acts as a medium in bridging the gap between theory and practice. Students gain insights into industry-specific operations, processes, and technologies. Through the interaction with professionals and experts in the industry that provides opportunities for networking, which can be beneficial for future career prospects. Observation of industrial practices enhances technical knowledge and develops soft skills such as communication, teamwork, and problem-solving. Students get a glimpse of various career paths within the industry, helping them make informed decisions about their future career goals.

Internships enhance technical skills relevant to the industry, such as programming languages, laboratory techniques, or marketing strategies. It helps students to develop industry-specific skills, work ethics, and professional conduct under the guidance of experienced mentors. Gaining internship

experience enhances students' employability by providing them with a competitive edge in the job market. The internships allow students to expand their professional network, which can lead to mentorship opportunities and future job references.

It helps students to clarify their career goals by experiencing day-to-day responsibilities and challenges in their chosen field. Building relationships with supervisors, colleagues, and industry professionals during internships can lead to mentorship opportunities and job offers. Internships foster personal growth by challenging students to adapt to new environments, manage responsibilities, and solve real-world problems. Hands-on experience boosts students' confidence in their abilities and prepares them to face challenges in their careers.

This type of experience offers practical insights into operations and management. DSU offers and contributes to the world of students in multiple aspects, including academics and societal roles, of which industrial visits and internships are major components. The process inculcates the idea of work culture, professional etiquettes and exposure in real time.

"If everybody else seems to be doing it one way, there might be more opportunity the other way"

INDUSTRY CONNECT & INTERSHIPS OF SCHOOLS / COLLEGES:

VISIT TO ICAR-NRCB ON 08-05-2024

Students of III B.Sc. (Hons.) Agriculture were taken for an educational visit to National Research Centre for Banana (ICAR-NRCB). The students gained insights on banana germplasm conservation, propagation, cultivation, pest and disease management, post harvest management and value addition etc. They also gained exposure on the research facilities, and initiatives undertaken by the institute to improve banana

cultivation. During the visit, students had the opportunity to interact with the principal scientists, Dr. C. Karpagam (Agri. Extension), Dr. A. Mohana Sundaram (Agri. Entomology) and Dr. P. Ravichamy (Asst. Chief Technical Officer) who briefed them about NRCB and its activities. The visit was coordinated by faculty Dr. R. Kamaraj Kennedy, Dr. R. Oviya and Dr. M. Venkatraman.

VISIT TO ICAR - KRISHI VIGYAN KENDRA, HANS ROEVER CAMPUS ON 10TH & 11TH MAY 2024

The students of 1st year B.Sc. (Hons.) Agriculture visited ICAR - Krishi Vigyan Kendra, Hans Roever Campus to learn about the objectives, functions and mandates of KVK from 10.05.2024 to 11.05.2024. Mr. Dominick Manoj, SMS Entomologist gave an introduction about the functioning of KVK and explained about Mushroom cultivation and Vermicompost unit.

Other experts Mrs. Punithavathi (Agronomist), Mrs. Sangeetha (Horticulturist) and Mrs. Kokilavani (Home Scientist) briefed their respective roles in up-liftment of farmers' community. The visit was coordinated by Dr. S. Dineshkumar and Dr. P. Vaishnavi, Assistant Professors, School of Agricultural Sciences.

SCHOOL OF MANAGEMENT

The school of management organized an Industrial Visit for the students of MBA from 12th to 14th June 2024, overall 120 students were accompanied by six faculty members for the visit.

They visited Moscow Tea Industry located in Vagamon, Idukki. Students went around the whole unit including Production and Packaging departments. On the next day

they visited Kerala Electricals and Allied Engineering Limited (KEL) Kochi, Kerala. One of the Engineers in-charge of production gave a brief introduction about the factory and also about the raw materials to find outputs to the students.

Through this visit students can encompass their practical knowledge and receive beneficial insights into real world operations

that complement theoretical learning. These visits involve tours on industrial facilities, allowing students to observe the processes, technologies and management practices

in the reality. It gave an opportunity for the students to understand industry standards, gain exposure to professional environments.

SCHOOL OF PHARMACY

Venue: Pharmssun Pharmaceutical Manufacturer, Vasan City, Nachikurichy, Tiruchirappalli and K.S. Varier's Ashtanga Ayurvedics (P) Ltd. in Thogaimalai, Tiruchirappalli.

An industrial visit was arranged for 1st B. Pharm students during 7th - 11th June 2024, by School of Pharmacy, Dhanalakshmi Srinivasan University. On June 7th, 2024, 50 students and 2 faculty members visited Pharmssun Pharmaceutical Company. During the visit, students learned about the preparation of Liquid Oral Medications, Operation of a Colloidal mill, External preparations such as liniments and lotions, Packaging and Labeling operations of Syrup containers. Mr. S. Rajaram, The Managing Director,

addressed the students, emphasizing the significance of the Pharmaceutical field and encouraging them to engage in research.

Simultaneously, another group of 50 students and 2 faculty members visited K.S. Varier's Ashtanga Ayurvedics (P) Ltd. Dr. Sasi Variyar, the Executive Director, explained the fundamental needs of the Ayurvedic industry and the facilities available at the site. The students visited each unit, where Dr. Variyar described the extraction, standardization procedures of Ayurvedic products, their therapeutic uses, and the quarantine area for various Ayurvedic preparations. The students participated enthusiastically and gained valuable insights from the industry.

CENTRE FOR RESEARCH

Two days Training and Exposure Visit on Innovation and Entrepreneurship at RMK Engineering College, Chennai (7 - 8th June 2024)

The two-day 'Training and Exposure Visit on Innovation and Entrepreneurship' was held at RMK Engineering College on June 7th & 8th, 2024. DSU faculty members Dr. O. S. Asiq Rahman and Mr. M. Venkatesh Kannan participated in an enriching exposure. The event featured insightful addresses from Dr. K. A. Mohamed Junaid, President-IIC, RMK Engineering College, focusing on the best practices and innovation. Key sessions included Intellectual Property Rights by

Dr. N M Jothi Swaroopan, Registered Patent Agent, India and Entrepreneurship insights by Mr. M Sraaaman, Project Coordinator, KLE Centre for Technology, Hubli. Exposure visits to the IIT Madras Incubation Centre, AICTE Idea Lab, RMKEC Incubation Centre, and AR/VR Lab provided practical insights into the startup ecosystem. The program concluded with participants' briefings and feedback, enhancing their knowledge and skills in innovation and entrepreneurship.

HUMAN RESOURCE DEVELOPMENT CENTRE INTERNSHIPS: Vdart Internship

Our Human Resource Development Centre (HRDC) provided internship to 3rd year Information Technology and Final year MBA Students at Vdart Technologies Pvt Ltd for 14 days in the field of Internal IT and

Human Resource Business Partner (HRBP) and Data Analyst in the month of April 2024. At the end of the internship, the students completed review presentations with the senior officials of V DART.

Internship - Astonis Infotech Pvt. Ltd,

Through our Human Resource Development Centre (HRDC) five of our students from IIIrd year Cyber Security are pursuing their one month internship at Astonis Infotech Pvt. Ltd,

Bharathidsan Technology Park, Trichy. They are currently working on Debugging, Web Development and Database Management.

Internship - Tech Vaseegrah

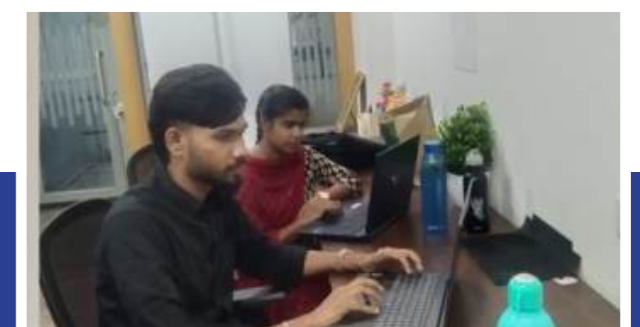

Six of our Students of IIIrd year Computer Science Engineering are undergoing six months internship at Tech Vaseegrah, Thanjavur through HRDC. The Students are working on different specializations like Cloud Tech, Messenger Flow, App Transformation and AI Tools. In addition, they are working on live projects in the above mentioned fields.

Internship - Cyber Vault Innovation And Technologies Pvt. Ltd

Human Resource Development Centre (HRDC) provided two months internship with stipend for two students from IIIrd year, School of Engineering and Technology at Cyber Vault Innovation and Technologies Pvt Ltd, Coimbatore Branch (Singapore

Based Company). The students from IIIrd year IT and Cyber Security. The internship was about implementation of Artificial Intelligence, Python and Cyber Security in live projects.

INTERNSHIP - VETRI TECHNOLOGY SOLUTIONS

Our Human Resource Development Centre (HRDC) provided one month internship to IIIrd year Cyber Security student at VETRI TECHNOLOGY SOLUTIONS. In this internship, he has undergone training in the field of SOS Analysis, supply chain management, inventory management and classification. And he successfully completed his internship.

MEMORANDUM OF UNDERSTANDING – MoU SCHOOL OF ALLIED HEALTH SCIENCES

MoU - Medical Physics Course - 10.05.2024

School of Allied Health Sciences, Dhanalakshmi Srinivasan University, Samayapuram has signed an MoU with Harshamitra Oncology Private Limited on 10.5.2024 for Medical physics course in Department of Radiotherapy. It provides precise radiological imaging techniques such as computer tomography

(CT), computerized 3-dimensional "inverse" treatment planning, patient positioning, and more sophisticated linear accelerator, Brach therapy services. Students will be trained to provide exceptional level of care for the patients.

MoU – Optometry – 16.05.2024

Department of Optometry from school of Allied Health Sciences, has signed an MoU with Athreya Retinal Centre, Thillai Nagar, Trichy - Retinal Clinic. It is important for students to experience real-life workstations and apply the theoretical knowledge to real-life situations while studying through the MoU the students of IIIrd year UG Optometry are trained in the clinics. The MoU was signed on 16-05-2024.

signed an MOU with M/s. Amrish Oncology Services Private Ltd., (Dr. G. Viswanathan CBCC Cancer Center) it provides precise Radiotherapy Techniques like VMAT, IGRT, IMRT & Conformal Therapy, Patients Simulation Technique, Radiological Safety Procedures, Radiological imaging techniques such as magnetic resonance (MR), Computer Tomography (CT) and more sophisticated linear accelerators services under one roof. The team of highly dedicated and trained professional staff, strive to provide exceptional level of care for the benefit of patients, with a motto to provide quality care with reliable, accurate and economical techniques.

MoU – Department of CVT – 22.05.2024

Department of CVT signed an MoU on 22.05.2024 with RANA Hospital, Trichy to train the cardiovascular technology students in Cardiac Diagnostic Procedures. They provide expert medical care to the community.

MOU with M/s. Amrish Oncology Services Private Ltd, (Dr.G.Viswanathan CBCC Cancer Center), Trichy – 19.06.2024

School of Allied Health Sciences from Dhanalakshmi Srinivasan University has

MOU with Frontline Hospital, Trichy 25.06.2024

School of Allied Health Sciences from Dhanalakshmi Srinivasan University, Samayapuram has signed an MoU with

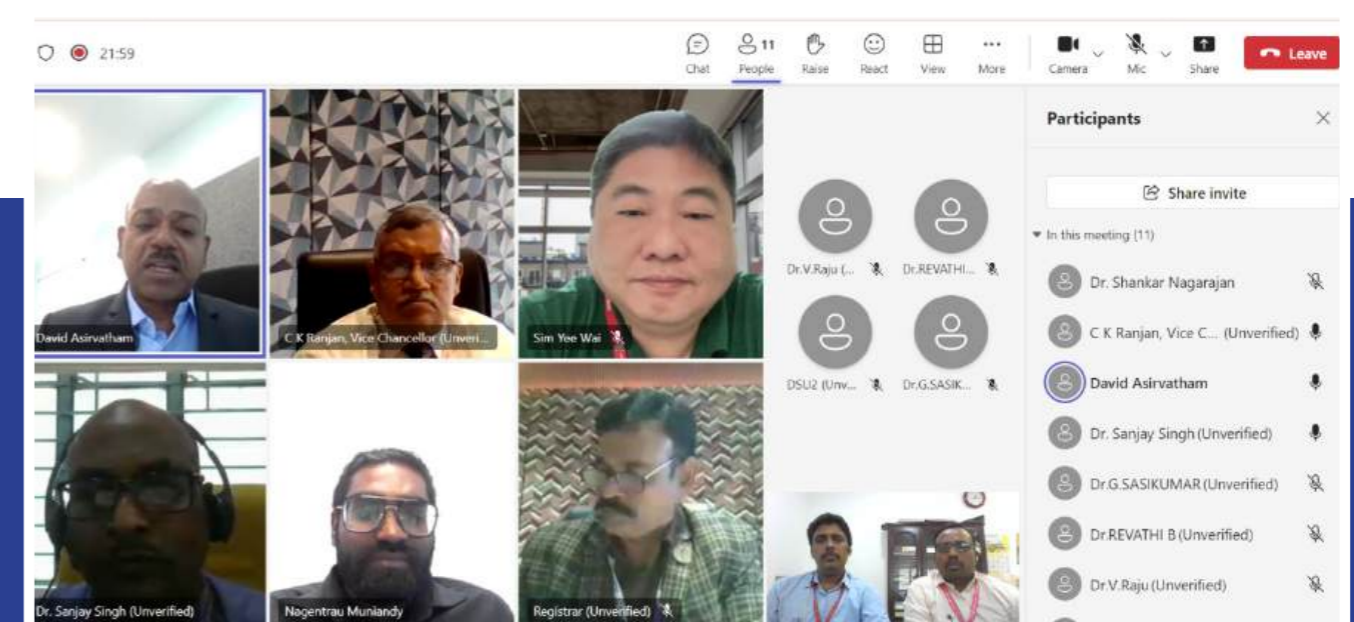

Frontline Hospital, Trichy. It provides precise Dialysis techniques such as Hemodialysis, Peritoneal Dialysis and SLED & CRRT. Students will be trained to provide exceptional level of care for the patients.

SCHOOL OF ENGINEERING AND TECHNOLOGY

School of Engineering and Technology signed an Memorandum of Understanding (MoU) with Taylor's University, Malaysia on June 28, 2024, Dhanalakshmi Srinivasan University, Trichy. It aids to foster collaboration in the fields of Engineering and Technology. The virtual meeting, held via Microsoft Teams, facilitated a significant partnership aimed at enhancing academic and research opportunities for both institutions.

The signing of the MoU between Taylor's University and Dhanalakshmi Srinivasan University signifies a promising step towards enhanced academic cooperation and innovation in engineering and technology. This partnership is expected to create numerous opportunities for students, faculty members and researchers, fostering a culture of excellence and mutual growth.

SCHOOL OF PHARMACY

School of Pharmacy has signed an Memorandum of Understanding (MoU) with the well-established Dr Sriram Publications and Genesis Research Labs, Hyderabad,

on 17-05-2024 at DSU Trichy Campus. The purpose of this MoU is to state the intentions of the parties in undertaking a collaboration in research and publication.

Human Resource Development Centre (HRDC) MOU with Morais City International Business Park

Our Human Resource Development Centre has signed an Memorandum of Understanding (MOU) with Morais City International Business Park, Tiruchirappalli on 16-05-2024 at

DSU campus. Through this MoU they provide internships, workshops, industrial visits and campus placement in the reputed IT sectors for the students.

UNIVERSITY EVENTS:

Celebration Of International Day Of Yoga

Dhanalakshmi Srinivasan University (DSU) celebrated International Yoga Day on June 21, 2024, with vibrant enthusiasm and participation. The event began at 6:30 a.m. at the university's Sports Ground. The programme was under the insightful guidance of Dr. C.K. Ranjan, Vice Chancellor, DSU, and Dr. D. Dhanasekaran, Registrar, DSU. Their leadership provided significant inspiration to the event. The celebration

was further enriched by the presence of Dr. Santhosh Kumar, Dr. Suganya, and B. Abishesk Kumar, esteemed Yoga Instructors from the Manushi Institute of Yoga in Chidambaram. A notable gathering of 1500 students followed the various demonstrations of yoga poses, embodying the spirit of youth and wellness. The celebration underscored the significance of yoga in promoting physical and mental well-being, fostering a sense of peace and harmony within the DSU community.

S. Sanjay, 1st year BPT, participated in the State Level Silambam Championship 2024 held on 12th May 2024 at Kallakurichi

district & secured the 3rd prize in the group performance.

NATIONAL LEVEL CHAMPIONSHIP 2024

D. Kamalesh, 1st Year BPT, participated in the 12th Senior National Pencak Silat Championship 2024, held at Bhubaneswar, and Orissa from 10th to 13th June, holds fifth Rank and was selected for participation in upcoming 37th Indian Olympic National Games.

AWARDS & HONORS

Our University is elated to share the contribution of Dr. P. Sameera Banu, Professor from School of Engineering and Technology in the department of Mathematics, has been honored with the award of The Best

Faculty Award, Indo-Thai Award, Shinawatra University on 30th May 2024. Our faculty members have made extraordinary contributions to academia, and we are delighted to share their accomplishments.

It is a great pleasure to announce Dr. R. Vijayalakshmi, Professor from School of Engineering and Technology in the department of English has been honored with the award of Academic Excellence Award, Indo-Thai Award, Shinawatra University, ICIRD 2024. She has also got the best paper award for the paper entitled 'Assessing Faculty Training Needs for Implementing SDGS in English classes' in the 4th online conference organized by SESD, New Delhi on 5th June, 2024.

Dr. S. Akilandeswari, M.Pharm., Ph.D, an editor for the textbook "Drug Details: Nervous & Reproductive System," ISBN 978-81-964365-9-9, published by Academic Decipher Press, Mumbai. Dean's contribution sheds new light on pharmacological interventions within these crucial systems. Congratulations on this outstanding scholarly achievement!

Prof. Dr. S. Akilandeswari, Dean, School of Pharmacy is a reviewer for the Journal of Advances in Biology & Biotechnology for an article in May 2024 issue.

The University proudly acknowledges the Dean, School of Pharmacy
